

LINK

strategic solutions for the built environment

Wondering what **LINK** can do for you?

**We're making communication
the key to your success.**

Our firm exists to facilitate communication in order to move your development projects forward. While our tasks may vary, everything we do relates to effective communication. And with effective communication comes trust in knowing your project is our number one priority.

Owner's Representation Services

Our role is to protect your interests at all times and facilitate critical communication between the design and construction partners throughout your project. As your Owner's Rep, we provide strategic guidance, technical knowledge, and effective communication to maintain schedules, keep budgets on track, and ensure that all of your needs are met. Consider us your most tenacious advocate as we utilize our tenured relationships in the local design and construction communities to bring your project to completion.

Program Management Services

Our team serves as your primary point of management throughout your project's design and construction phases. In addition to facilitating the selection of design, engineering, and construction professionals, clear communication is essential toward monitoring weekly tasks and action items that keep your project moving forward. As Program Manager, we will continually promote the goals of your project.

Marketing and Community Relations

The LINK team creates key communication strategies to successfully position your project within the community. We specifically focus on strategic messaging to engage and inform stakeholders and community partners. As your marketing or community relations consultant, we understand that sustaining positive relationships within the community can be key to your project's success.

Our team is a trusted partner.

Jackson County Detention Center

Kansas City Smart Sewer Program

Barney Allis Plaza Redevelopment

The LINK team has collaborated with national experts and talented local partners to bring high profile, municipal driven projects to life. Whether your needs involve strategic guidance, owner's representation, M/WBE compliance, or strategic communication navigation, we are here to help you.

Note: LINK is certified with the City of Kansas City and the states of Missouri and Kansas as a Woman Owned Enterprise (WBE)

Let's chat.

**Join us for a cup of coffee or a glass of wine.
We'd love to visit with you - even as we socially distance.**

Email me at: babette.macy@link2built.com

Hi. I'm Babette Macy, Principal at LINK.

For nearly 25 years, I have been a strategic partner to developers, constructors and owners in the built environment. My firm has the experience, knowledge and drive to bring your next project to fruition. By utilizing regional market experience and tenured relationships in the community, we can help you convert opportunities into reality.
